1

立刻拾起牙冠部分

Pick up the knocked out tooth by the crown immediately

2

用清水輕輕沖去牙根表面的污物

Gently rinse off the dirt on the surface of the root with water

3

將牙齒塞回牙槽窩內，輕輕咬合，固定牙齒的位置

Replace the tooth back into the socket, gently bite the teeth to hold the tooth in place

4

立刻找牙科醫生接受治療

Seek treatment from the dentist immediately
